THE RIVAL STEAMSHIP COMPANIES.

The following account of the origin of the controversy between the two steamship companies may prove interesting to Hawaiian readers. It appears that the Pacific Mail people, through Claus Spreckels, solicited the Hawaiian Government for the privilege of landing Chinese at Honolulu, stipulating that in return they would withdraw the Australian steamers from the Honolulu trade. Mr. Spreckels went to the Islands, but found after reaching there that small concession had been made through the efforts of the local agent of the Pacific Mail. He laid the matter before the Hawaiian Cabinet and obtained for the Mail Company a larger concession, or privilege to land a great many more coolies from every China steamer.

After a lapse of time it was noted that the Pacific Mail had not withdrawn the Australian steamers according to the alleged agreement. The Mail Company replied that the Hawaiian privilege was secured without the aid of the Oceanic Steamship Company and declined to recall their ships. The representatives of the Oceanic Company then besought the King and Cabinet for permission to land Chinese and obtained a very liberal concession from the Government. The mail company being apprised of their movement complained to the State Department at Washington that the Hawaiian Government had discriminated against them, and there the contest rests. It is said that Secretary Fellinghuysen regards the contest as rivalry between steamship companies and sees no reason to interfere with King Kalakaua's business.

LATEST FOREIGN NEWS.

It being feared that a Fenian plot is being organized to destroy the Midland Railway, extra precautions have been taken.

Another diabolical outrage upon a woman, resulting, this time also, in death, has been committed by Sydney larrikins.

Berlin, Jan. 14.—Li Fong Pao, Chinese minister to Germany, in an interview said he thought Marquis Tseng displayed bad taste in alluding in his letter, recently published, to the former French defeat. Li Fong Pao considered war between France and China inevitable, and that it has already begun.

Marquis Tseng has gone to Paris. The *Nationale* says Tseng's letter published in the *Breslau Gazette* has created much discontent at the French foreign office, where, it is believed, it will be impossible for Tseng to longer represent China.

The Korean Minister has arrived at London.

The steamer Arab, for Baltimore, has put in at Birkenhead with her machinery damaged.

The Russian Budget for 1884 estimates a deficit of 406,662 roubles, which the government proposes to cover by new taxes.

Vienna, Jan. 14.—It is reported that the members of the imperial family of China have offered a portion of their private fortunes to assist in the war against France.

Queenstown, Jan. 14.—The steamer Celtic, in tow of the steamer Britannic, of the same line, has arrived.

The steamer Hwai Yuen, wrecked on Shanghai for Hongkong, was wrecked on the Hethian Islands. Five natives were saved. Nothing is known of the rest of the crew. Part were Europeans and a large number natives.

Ice in New York Bay floated up East River and formed under the Brooklyn bridge, making a complete bridge between the two cities, the first time since 1875.

The Honolulu Rowing Club received a six-oared racing gig yesterday by the Alameda. The boat, which was selected by Mr. Clarence Macfarlane, exceeds the expectations of the club which now wants to have a friendly spin with some of the winners at the "half-hearted" regatta. Try the Russians.

Mr. and Mrs. Clarence Macfarlane Mrs. Parmelee, Mr. J. K. Porter and Mr. H. J. Agnew arrived on the Alameda yesterday.

SEVEN lots of Mauritius cane were yesterday sent by Mr. A. Jaeger to different plantations. The cane was imported by Mr. T. H. Davies seven months ago, and has since thrived at the Government nursery. The lots, each of which contains seventeen varieties, have been sent to Waiaken plantation in Hilo, Laupahoehoe, Mr. Kynersley in Kohala, Beecroft plantation, Waianae plantation, Mr. Chas. Spencer at Hilea, Kau, and Mr. W. H. Rickard at Honokaa. Some of the varieties are of peculiar appearance but all look healthy. Mr. Jaeger recommends that the inferior kinds be planted at an altitude higher than the Honolulu plains. It is to be hoped that the results of the experiment will be a success.
